

IFR Flying with GPS

After a brief overview of the GPS/WAAS system this presentation focuses on a practical discussion of flying under IFR with an IFR-approved GPS navigator. Especially flying RNAV (GPS) approaches, including procedures with vertical guidance. The presentation also addresses common questions such as when an IFR-approved GPS can substitute for ground-based navigation aids.

Directions: Western Washington Fairgrounds are located in Puyallup, just off Hwy 512, at the corner of S. Meridian and 9th Avenue SW. Enter fairgrounds through the Blue Gate. FREE Parking in BLUE Lot. If flying into PLU see additional information below for airport shuttle details.

A message from the National FAASafety Team Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area
